

Press Release June 17, 2014

ONLINE TAG RENEWALS NOW AVAILABLE

Jeannette Anderson, Washington County Tax Commissioner, announces that the much anticipated wait is over for Washington County residents to have the option of renewing their auto tags online. Tags may be renewed online **effective June 16, 2014**.

Beginning with August birthdays, World Marketing out of Atlanta will mail out prebills for each vehicle registered in Washington County. For this reason motor vehicle owners need to be sure the Tag Office has their correct mailing address. Any change of address needs to be made before renewing tags online.

Prebills will contain an RIN number which is necessary to access your vehicle information online at the Georgia Department of Revenue website, www.dor.ga.gov. Look for the tab **"Renew Tag Online"** and follow the link.

There is a service fee of 2.35% (with a \$1 minimum fee) charged which goes directly to the processing company, Official Payments and \$1 mailing fee. Acceptable credit cards are Visa, MasterCard, Discover, and American Express. Once ordered online the tag information will be sent to the county Tag Office where it will be processed and mailed, usually within 1-2 business days. Questions? Call or come by:
